Teamwork, Resilience, Passion,
Communication, Flexibility,
Good time management,
Researching skills, Creativity,
Attention to detail, **Curiosity**

PROFILE

I am a third-year Design for Digital Media student at the University of Brighton. During my studies I have discovered my passion for print and digital advertising. I am a self-starter and a quick learner with excellent time management skills and a strong can-do attitude. During my studies, I have enjoyed working simultaneously across multiple design programs and mediums in a team environment as well as under my own initiative. The process of taking a design from an initial idea to a finished product excites me. I am a resilient individual who learns and improves from the feedback received and I see criticism as a great opportunity to grow.
